

# Teacher Evaluation Summary Report 2003

NAME \_\_\_\_\_

ADDRESS \_\_\_\_\_

SCHOOL NAME \_\_\_\_\_

SCHOOL ADDRESS \_\_\_\_\_

Grade: \_\_\_ Subject: \_\_\_\_\_ Session Length : \_\_\_ minutes # Classes: \_\_\_ # Students (per class): \_\_\_\_\_

1. Assign each element you have used an overall rating. If you did not use the element, leave the space blank:  
**0 = Poor 1=adequate 2=very good 3=excellent.**

<b>Bone Module</b>	<b>Overall Rating</b>	<b>Layout/Format</b>	<b>Quality of Information</b>	<b>Ease of Use</b>	<b>Student Interest</b>
Pre-lesson Activity	_____	_____	_____	_____	_____
Lesson Plan	_____	_____	_____	_____	_____
Scientist Presentation	_____	_____	_____	_____	_____
Hands-on lab activity	_____	_____	_____	_____	_____
Web Site	_____	_____	_____	_____	_____

2. Overall, how well did the level of presentation (lesson) materials match your students' abilities?

Above the level but easily adaptable     
  A good fit     
  Too easy for my students

3. Please circle whether you agree or disagree with the following statements about each of the modules you tested.

	<b>Disagree</b>	<b>Undecided</b>	<b>Agree</b>
a. The objectives of this module were clear.	1	2	3
b. The materials I tested fit well with my state/local education standards.	1	2	3
c. The format of the lesson plan helped me prepare.	1	2	3
d. The pre-session activity engaged students' interest.	1	2	3
e. The laboratory activity reinforced the lesson objectives.	1	2	3
f. This module would engage most students I have taught at this grade level.	1	2	3
g. I received enough direction and guidance from the lesson/lab plans.	1	2	3
h. I would use this material in future classes.	1	2	3
i. My classroom has the computer equipment needed to use the web.	1	2	3
j. I found teaching a lesson developed by someone else easy to do.	1	2	3

Additional comments:

4. Where would this module fit in your current local curriculum?

5. What did you like **most** about this module.

6. What did you like **least** about this module.

7. List **at least** one change to the materials that would increase their user friendliness for other teachers and students.
